

A-dec® 12 o'clock Treatment Packages

Fleet Options*

Tucked away at the head of the chair, the A-dec Inspire 391 Fleet Treatment Console and A-dec 341 Fleet 12 o'clock Duo delivery system create an uncluttered, inviting patient experience. The delivery's dual-user design includes an easy-to-position worksurface and ample housing for up to five integrated clinical devices.

A-dec Inspire 391 Fleet Treatment Console:

- Choice of pass-through or non-pass-through upper storage to align with your treatment room design
- Solid surface countertop in Designer White
- Four-drawer module to maximize in-treatment room organization and storage
- Side-opening access to a single ideally positioned swing-out shelf for the dental assistant
- Quiet soft-close drawers and doors
- Task lighting matches color temperature of the A-dec LED dental light
- USA and Canada UL-approved wiring with hospital-grade GFCI tamper resistant outlets
- Single duplex outlet and USB 2.0
- Glove dispenser
- 8 glass shelves

A-dec 341 Fleet Delivery:

- Standard touchpad supports manual control of chair, light, and cuspidor functions (if equipped), and four programmable chair position presets
- Five adjustable instrument holders
- Three- or four-position handpiece control block with individually adjustable water coolant
- Choose from four easy-to-order configurations
- Control center houses up to five integrated clinical devices
- 2-liter self-contained water system with quick-disconnect (QD) water bottle
- Solids collector, dual high-volume evacuator (HVE), QD syringe, and saliva ejector
- Solid surface 22.5" (571.5 mm) diameter round worksurface in Designer White
- Independent height-adjustment for doctor's instrumentation and worksurface
- L/R delivery positioning supports left- or right-handed operators
- Optional A-dec+ Gateway enables A-dec+ software connectivity
